July Newsletter

Unfortunately I am writing this on what was our second date for Sports Day. We took the decision yesterday to cancel given the field was wet and slippery and more rain was forecast in the evening and overnight.

The children have been practising and will not miss out. We will have sports day on a fine day at short notice and although parents will not have the opportunity to be here we will ensure photos will be available on the web site. *Thank you for your patience as we are at the hands of unpredictable weather.*

Tears will no doubt be shed on Thursday and Friday of this week when our Y2s do their Leaving Performances.

On behalf of all the staff I would like to wish all our Y2s every success and happiness in the future. We will miss you!

Your child's class teacher for next year is on their report and class lists will be available on the doors outside classrooms. Remember that if you wish to discuss your child's report please make an appointment with the teacher.
