

# Killamarsh Infant and Nursery School

## Millie and Jack came to see us last week

Last week was science week and the school was full of investigations and exploration.

The highlight of the week was when the dinosaurs came to visit. Every child in KS1 and FS2 had the experience as a paleontologist carefully uncovering fossils, bones and even dinosaur eggs.

The children were absolutely engaged in what they were doing and buzzing with information afterwards. Our last session was to meet some visitors. The Nursery joined us in the hall. We met Jack a baby dinosaur who was as fascinated by the children as they were with him. Then we met Millie who came into our playground because she was too tall to go through our doors. She was amazing and will stay in the children's memories for a long time.

## Goodbye to the After School Club

The After School Club will not be in place in the new term. School will be taking over the Breakfast Club and Mrs. Yorke will be in charge from 11th April.

If you have a hand held games console that you do not want any more ( and/or any suitable games) and would like to donate it/them to the club please let Mrs. Yorke know.

Thank you to Mrs. Curry and her team for trying the Kids Club out for us. Watch out for news about a Summer holiday club that will happen if there are enough children.

## Sport Relief

Last Friday was a very sporty day with lots of children in tracksuits, football kits, Sport Relief t-shirts etc.etc.

The children took part in the three legged football activities and had lots of fun as well as earning money for the charity. School raised £134.50 on the day.

Don't forget your sponsor form for the Easter Egg Hunt that has taken place today. We need more funding for our balance bikes and supporting equipment.

## Changes

Over the Easter break we have some construction work taking place and fingers crossed that when we come back Mrs. Wormleighton and Mrs.Yorke will have a new office. We hope this will be completed and ready for the beginning of term.

Thank you for your cooperation with the change of routine in the morning. The children are enjoying the independence.

We are looking at the congestion at the top of the path and are considering making some adjustments to ensure free flow and safety.

Have a wonderful break and enjoy your children. They grow up before you know it.
