Events to look out for

On Monday will be our first work shadowing of the new academic year. Parents can come in to share in their child's learning for an hour. A maximum of four parents can join their child's class at an hour identified by the class teacher. A list will go up at the end of today. Please come along and share in your child's learning. The session is for sharing and you may get messy.

Also on Monday morning we have the first Reading morning for the Reception class. Please come to class with your child and stay. Choose a book from one of the boxes and read with your child until 9.00am. Staff will be on hand to give advice if needed. We hope to see you there. If you cannot stay today look out for the next date.

Harvest Festival

Next Tuesday is our Harvest Festival. We will be collecting for the New Hope Food Bank. Please look at the list we will send home on Friday for the things that are needed the most. Let's get involved in the community.

This assembly is for children and staff only.

Also make sure you check what your child needs for our Christmas Samaritan's Purse appeal.

Celebration Assembly

We hold this assembly once a week on a Friday at 10.30 am. You will be told if your child is receiving a certificate. We also celebrate awards given outside school. Parents are welcome to come and celebrate with their child/ren. We also celebrate each month in the newsletter.

Miss Judson

Miss Judson is still unwell. She is still receiving hospital treatment and so we cannot say when she will return. We are so pleased Mrs Testa is able to remain with us during this time and that the children are receiving consistency and good quality provision.

As soon as we know any more we will of course let parents know. Our main concern is that Miss Judson is well before she returns and that the children receive the education they deserve. I am sure you will join with me to wish Miss Judson well and give Mrs Testa our full support.

Lunches

Lunches are still going well. The option of school sandwiches is meeting the needs of many children who do not like some of the tastes in the meals. We are encouraged by the number of parents who are feeding back to us how much the children are enjoying the new arrangements and trying new tastes. In the new Food Plan this is one of the objectives. Children will often try new things with their friends that they will not try at home. Did you know it takes 17 times to try a new taste?
