

KILLAMARSH INFANT & NURSERY SCHOOL SAFEGUARDING WITHIN OUR SCHOOL

By following these simple guidelines you safeguard the children of our school and yourself.

Parents in the school grounds :

1. Parents must never approach other peoples' children to discuss any type of issue with them. This is unacceptable and the school will take immediate action should this happen. This will involve calling Children's Social Care as this is our legal duty. We may also call the police.
2. Parents should not approach other parents if they have an issue with either them or their child. This is not the right way to deal with problems and leads to:
 - unacceptable behaviour on our school grounds e.g. fighting
 - children feeling frightened
 - both adults and children feeling unsafe on school grounds
3. If you see, or hear, something that concerns you regarding the welfare of one of our pupils:
 - come into school and speak to the Headteacher/School Office
 - make a note of the concern including the time, date, factual details and names where possible; pass this information to school. You can remain anonymous if you wish.

A Derbyshire Safeguarding Children Leaflet is on our School's website :
www.killamarshinfants.org.uk giving parents guidelines on Child Protection, Safeguarding and the Social Media, Photographs and Resources.

Please contact the school either by :

Telephone : 0114 2485852 or by email : info@killamarsh-inf.derbyshire.sch.uk
or by leaving a message at the School Office.
